2021/2022

nordlux®

# 2021/2022

This year, the Nordlux Decorative collection balances impeccable aesthetics with practical functionality. The 2021 style universe is wide and diverse, ranging from classic designs and contemporary style to new, exiting trends.

The keywords for this collection are natural elements of wood and soft shapes, industrial clean lines with an edge and rethinking design traditions such as Art Deco and Nordic minimalism.

We also expand our multi-functional lighting range that adds to making everyday life easier, brighter, and more beautiful.

Our decorative range brings these trends together in stunning and practical lighting that lifts people's quality of life.

**We proudly present our 2021 collection.**

## Marketing media support

This year, we have made it easy for you to retrieve all the marketing material you need for our decorative novelties. You will find ready-to-use ambience photos and pack shots [right here](#).

# FSC

We focus on protecting our resources and the environment. This is one of the reasons why we have been FSC certified since 2016. FSC certification is about using trade forest products such as wood and paper from responsible sources, and ensuring clear traceability for the wood – all the way from forest to the finished product in the shop.

Responsible sources refers to local populations, animals and plant life being taken into consideration, that logging is done in an environmentally appropriate way and that the deforested areas are replanted.

The desire and motivation for FSC certification of the products which include wood is a natural continuation and development of our approach to environment and sustainability – and we will continue to demand FSC certified wood for those of our design products that include wood.

We see sustainability as a task involving everyone associated with Nordlux – from the owners, board and management to employees and suppliers.

**\*FSC® stands for Forest Stewardship Council® and is a recognised international non-profit labelling scheme for wood and paper.**

**FSC certification ensures responsible forest management and improved living conditions for the local population in forests worldwide.**

**FSC-C124559**
